1.0 GENERAL CONDITIONS OF MANUFACTURE & SUPPLY

Manufacture and supply of products shall comply with all applicable Australian legislation.

2.0 PRODUCT DESCRIPTION

Product Description:

This product is made with hydrated chickpeas, with an equal weight for weight chickpeas to raw material. Hydrated chickpeas are combined with IQF parsley and IQF coriander, supro, breadcrumbs, cayenne pepper, ground coriander, ground cumin, pepper and salt and mixed. Wet ingredients are then added - lemon juice concentrate & garlic added to form mixture. Canola oil added and continue mixing. Batch is then minced (8mm plate) to produce a textured paste ready for forming through Formax machine. Blanks are produced, par-fried and frozen. Packed off into cartons of 5 x 1kg amounts, ready to be stored at - 18 degrees celsius. This product is spicy with a fresh herby note, with some chunky pieces of chickpea visible, with a slight after taste of garlic and lemon.

3.0 PRODUCT PARAMETERS
