8023

Product Range:

Everyday Café

RECOMMENDED SERVING / PREPARATION

Serving Suggestion Product is Ready to Eat once thawed

CUSTOMER INFORMATION (Storage, Shelf life, Display, Traceability)

Distribution Vehicle used for transportation must be suitable for frozen food transport.

Delivery Product is delivered to store frozen in a clean temperature-controlled vehicle

Receival Store attendant should ensure product is hard frozen upon receipt of delivery.
Product should be transferred to freezer without delay.

Storage

- Product should remain hard frozen whilst in freezer.
- Freezer temperature should be monitored and maintained at -18°C or colder.
- Products should be stored in their outer carton.
- A best before date is printed on the outer carton.

Shelf life:
Thawing & Date Coding

- When required, product is to be removed from freezer and thawed in a refrigerator at 5°C or colder.
- Product must be coded with a USE BY code when removed from the freezer.
- Product must be sold and consumed on or before this use by date.

This is a legal requirement

ONCE PRODUCT IS THAWED IT MUST NOT BE REFROZEN.

Displaying

- Once thawed, the product is then ready to be displayed for sale to consumer
- Fridge/display cabinet temperatures should be monitored and maintained at 5°C or colder.

Traceability

- Each product is coded with a manufacturing code.
- Should customers have any queries/concerns or feedback with regards to any product, please ensure this manufacturing code is quoted.

MICROBIOLOGICAL CRITERIA

Microbiological Criteria As Per FSANZ -Guidelines For The Microbiological Examination Of Ready To Eat Foods and/or customer requirements.
